Passing marks: To raise the educational standards, the passing marks will be 40% instead of 33%

Shifting from 7-points grading to 10-points grading: To control the grade inflation in the country, a 10-point grading alphabetical system (A++, A+, A, B++, B+, B, C, D, E, U) has been introduced instead of 7-point alphabetical grading system (A-1, A, B, C, D, E, F).

Reporting only alphabetical grades and grade points: To stop the culture of race for marks, instead of reporting absolute score and grades, only alphabetical grades represented with the Grade Points will be reported.
